**M + E Value**  
£ 300,000

**M + E Contractor**  
JPR

**Contractor**  
Sneyd Builders

## Douglas Macmillan Hospice

### Project Brief

To provide a complete, energy efficient M&E solution to a two storey extension providing day care to extremely ill patients

### Solutions

The scheme consisted of the following M&E solutions ;

- Air Source Heat Pumps
- Natural ventilation
- BMS Controls
- Energy efficient lighting and associated controls
- Underfloor heating

The building was dynamically modelled to ensure a highly efficient building in line with current guidelines.
