Project Brief

Stanton Consulting have been appointed as the retained consultant by Vodafone UK to assist with Project Global, this involves the opening of approximately 400 stores nationwide, including new and re-furbished sites.

Responsibilities include:

- Generation of standard specifications for use by all sub-contractors.
- Design of mechanical and electrical systems to suit various locations and building types.
- Review of contractor proposals and costs
- Site surveys and monitoring.
- SBEM and EPC reports.
- Evaluation of contractor performance
