April 2009

Contract Completion

Present Day

Stoke City FC

Project Brief

We have been fortunate to work alongside Stoke City F.C., since their promotion to the premier league, on numerous schemes, including:

- Refurbishment of The Britannia Stadium (this includes hospitality areas, executive boxes, admin areas, press and media facilities and stadium works)
- New training ground
- Club shop
- 1st Team changing rooms
- Infrastructure.

The services that we have provided over the last 6 years have been numerous and include:

- Mechanical and Electrical design services
- Thermal Modelling
- Client consultant services in arbitration
- Feasibility studies on under soil heating.

The club is now well established in the Premier League and in addition to football matches also hosts regular pop concerts and other national events such as Jehovah's Witness Congregation on an annual basis.
